WHAT I STAND FOR AND HOW YOU CAN SUPPORT ME

Dear Comrade,

PLEASE VOTE IRAM WOOLLEY Labour National Executive Committee as the CLP Rep

Before I start, I'd like to thank you for your patience during this extremely difficult time. This is a terrible pandemic that is affecting all of us, out of this I have seen how quickly the activists and all fellow members and unions have come together. Despite the huge knock back, we were blessed to see campaigning and showing solidarity through zoom, from the inequality of COVID upon the BAME community, and thank those who worked with collectively with the Union, despite shielding, and homeschooling, despite all the challenges. Firstly, the impacts of the pandemic have caused pressure and job losses. BA workers are threatened with new T&C. This is unacceptable. I have written several letters to my MP, and Assembly member, raising some huge concerns and to sign the petitions, following George Floyd's death. BLM protests, in solidarity of a silent volcano, and addressing the unconscious, bias the was deeply rooted in racism buried, is in my opinion, a calling for supreme justice of innocent lives. Secondly, I've personally bridged the delivery of crates of fresh fruit to key workers in NHS in London. I've delivered videos for Unite to support, praising support for our Heroes. I've been one of the first to volunteer for FELIX so that socially excluded groups in London get the food bank deliveries, before hand sanitisers were introduced into the workplace. What this has shown that grass-roots has HUGE POTENTIAL AND POLITICAL POWER. I strongly support democracy, equality, openness. I have a strong track record for community leadership.

However, - it wasn't always this way, in 1997 my sister and I were racially attacked by a mob of angry youths in Woolwich not far from Stephen Lawrence's murder, in Eltham, in London. Thankfully, I am proud of GCARA and our NHS services and British Transport Police helped us. I'm an anti racist inequalities campaigner, from Blair Peach and Gurdip Chaggar Singh's brutal deaths, and the ingrained institutionalised racism. I am inculcating awareness racial bias (of groups), exists, but we must FIGHT BACK and be FEARLESS. Mental Health is a huge concern and the rise of domestic abuse all on the back of Pandemic.

Moreover, I am now asking all to VOTE SUPPORT RETWEET SHARE and LIKE online and offline, over the next eleven weeks. (In my last campaign I came 7/13, I got 2.63% of the VOTE.) I have now undertaken two radio Interviews on Black Lives Matter, I have been featured in News Statesman at the age of 17 yrs asking me about arranged marriages, Oxford Times, Mail, about my magisterial OBV Scheme, and The Independent, about the School-Cuts. Under lockdown, and Ealing News Extra as a cyclist. I have been teaching homeschooled young girls on painting Watercolour, all by zoom.

In conclusion I call upon fellow members, to work together to facilitate, and campaign on the issues of poverty, mental health, and hate crime. From speaking on the podium, writing motions and training credits through Ruskin College, in the CWU CMA AMICUS MSF UNITE, AND SUPPORTING ALL OF YOU, I still have a lot more to give back! it is imperative that we focus on being vocal and holding each other accountable because the work is too critical to ignore. It's time to take action, and VOTE for a strong candidate that is not scared of challenging practices which, are not acceptable any more. Democracy community led is the best fit. It's a triangular relationship, that will be a win win for all.

I am standing to be the voice on our Party's governing body so that we can continue to work to transforming radical change to our party with Angela and Keir.

Together, we can do this. Please vote and nominate IRAM WOOLLEY. making a difference in society, to add value and making positive contributions at ALL LEVELS so YOUR VOICES ARE HEARD! Love for all Hatred for None. #IRAM4NEC

ABOUT ME

WHAT I STAND FOR AND HOW YOU CAN SUPPORT ME

Don't believe a word I say, but, I am a daughter of immigrants, who came to this country with very little, so my father was a postman for 43 years, and I joined Royal Mail I was a Union rep for 12 years for the CWU Oxford Postal Branch the most militant in the country, and as a floor manager and floor rep, managing 100 Postmen and women in Central London, and what was CMA Amicus that then became Unite the Union. I'm now Unite Community Womens Officer, and have helped with editing production all our newsletters online posters of over 15 zoom sessions. Including facilitating a zoom for women, and by serving on the Exec, I was able to influence and bridge donations to Felix Project and Palestine. These are my values, under lockdown.

I'm serving my movement and will work for under any leader. I will help with the growth and success of the party. I'm serving progressive politics. I am part of Fawcett Society, 50:50, Fabians, and Labour Women Network, I have blogged for Parliament Project, and have written in Labour List.

When Labour was in government we had access to opportunities, education and NHS, addressing the needs of the many, not just the few, as Socialism is a fundamental principle.

I am here to reach out to the broad church, listen, and as a Politically active woman, I have been trained to stay safe online, and I have been the LABOUR GROUP observer at local level, and auditor.

I will need your SUPPORT to run. I will be loyal for proportional representation, making a difference in society, to add value, and making positive contributions at ALL LEVELS so YOUR VOICES ARE HEARD! Good or Good?

#Equalityforall! Lastly, I'd like to say Thankyou for reading this statement. I hope to receive your support.
