VOTE LABOUR AND HELP ME REWARD OUR COVID HEROES

I will fight to get them the living wage they deserve

The pandemic has shown the real value of public sector workers: nurses, carers, cleaners, teachers, school staff, and others. I'm also a key worker in a local council and I've seen at first hand the sacrifices they have made to serve their local community. That's why I'm campaigning to get them a better deal.

I was brought up in Trimley and have lived in Walton and Felixstowe all my adult life. I'm Chair of a local Level 2 youth project, a leader in a local church, and a governor of a local school in Felixstowe.

Vote Labour and help me campaign for a better future.

MORE MONEY FOR FRONTLINE SERVICES

The County Council is wasting £ millions on consultants and agency staff. Meanwhile, public services get cut and your council tax bill goes up. David will rein in spending on expensive agency staff and consultants and spend the money where you want it spent: on frontline services.

A VOICE FOR YOUR COMMUNITY

While our town continues to suffer from Tory cuts to local services, David will fight your corner and stand up for the residents of Walton and Trimley. Whether you're trying to organise adult social care, or trying to find support for your child's educational needs, David will make sure your voice is heard.

I'M BACKING DAVID ROWE

"I have known David for many years and know that he will represent the interests of Walton, Trimley, and Felixstowe residents to the utmost of his ability."

MIKE DEACON, DISTRICT COUNCILLOR WESTERN FELIXSTOWE

FULL-TIME FIRE SERVICE

ADULT SOCIAL CARE

CHILDREN'S SERVICES

HOUSING ON BROWNFIELD SITES

Instead of developments on greenfield areas and high-grade farmland, a Labour-run council would deliver quality, affordable housing on brownfield sites.

MENTAL HEALTH SERVICES FOR PUPILS

Our children's emotional health is at greater risk than ever. All school pupils should be able to access direct help for mental health through their school.

REAL LIVING WAGE FOR WORKERS

Everyone should expect a fair wage for the work they do. All council workers and those who fulfil council contracts will be guaranteed at least the real living wage.

QUALITY CARE FOR THE ELDERLY

We all have the right to dignity in old age. We will ensure high quality care for the elderly, whether that's in their own home or in a care home.

A FULL-TIME FIRE SERVICE

We mustn't compromise on safety. A retained fire service is not good enough in our large town. I want full-time firefighters back in Felixstowe.
